## Our story

“We believe in the genuine, the things that are made from the ground and that carry a story. What is better than lifting what we have amongst us, such as dalahorses, folkloric patterns, beautiful houses and Swedish symbols and magic fika moments.

For us, collaboration with customers and designers is the beginning of how to successfully create and spread Swedish design even far beyond our borders.

Sometimes in a somewhat unconventional and innovative way, but always with the highest quality, heart and warmth and with our Swedish design in focus.

Through curiosity, interest, responsiveness and a long-term collaboration with some of Sweden’s most skilled designers – mixed with a commercial and profitable thinking – we have during a decade helped our clients to create unique objects that all have a story to tell.”

Warm greetings from Citronelles.  
**Katarina Dymling**, CEO and Founder

# Come to Sweden

By VARIOUS DESIGNERS

Come to Sweden is a design company based on Swedish vintage travel posters. We make products based on both classic and contemporary Swedish travel posters. We were the first in business and can proudly say that we have the largest product range as well as the best quality. By combining authentic vintage artworks with high-quality manufacturing we offer products that decorates homes, offices and public spaces.

## Posters

We polish our travel posters with a gentle hand and then we reprint them on high-quality environmentally certified matte paper. We produce posters in four different standard sizes, making the artworks easy to frame.

We also have different product series: Sweden – Vintage & Today, Come to Norden – Vintage & Today as well as Vintage Propaganda.

### Sizes & Styles available:

70x100 cm: Vintage: Sweden  
50x70 cm: Vintage: Sweden, Come to Norden & Propaganda  
50x70 cm: Today: Sweden & Come to Norden  
30x40 cm: Vintage: Sweden  
21x30 cm (A4): Vintage: Sweden

### Paper:

140-180 g environmentally certified paper.

### Packaging & Deliveries:

The larger posters are delivered wrapped in protective paper in a sturdy poster tube with a lid. The tubes are marked with a sticker with the poster’s image and product information. When ordering at least 20 posters, we send a practical sales box in cardboard, which holds 20 poster tubes. The A4 posters come in a plastic pocket with natural colored cardboard as support. We are constantly expanding! So please ask us if you are missing a poster in a certain size!
